Laura,

Can you gather all the financial information for the bills paid and invoices received for inception technologies. This was the company hired to do all the PRC record scanning. The motion to accept the proposal was in the July 15, 2020 Finance Committee Meeting for \$59,638.

Let me see what I can do - remember the city likes to bury the invoices in a lot of different accounts.

Read the email from Brady Owens - we will be able to find it very easily.
